Director, Intelligence
Community Staff
Washington, D. C. 20505

Dear [redacted]

The Department of Defense has reviewed the draft DCID intended to create the Intelligence Community Foreign Language Training Committee. The creation of the Committee and the implementing DCID has been coordinated with DIA, NSA, OSD and the Military Departments and approved by Deputy Secretary of Defense Carlucci.

We recommend that the DCI proceed with the publication of this DCID, the creation of the Committee, and the attention to the principle agenda items identified by DoD and the IC Staff during the development of this initiative. The Department of Defense intends to provide members to the Committee from OSD, DIA, NSA, and the Services, who will be recommended to the DCI by the Deputy Secretary of Defense. Please keep us informed as this DCID develops. Mr. Craig L. Wilson is my action officer for this project and may be reached in care of this office or by phone at 695-9228/0210.

Sincerely,

Donald C. Latham

Donald C. Latham
Deputy Under Secretary of Defense
(Communications, Command, Control and Intelligence)
